Introduction:

The Environment Club THDC-IHET organized a remarkable Earth Day celebration on April 20 and 21, 2023, with the innovative idea competition "Environmentally Sustainable Technology to Save Our Mother Earth" theme. The participants and members raised awareness about the role of technology to save nature, promoting sustainable practices, and inspiring the college community to contribute to the conservation of our planet. This report provides a comprehensive overview of the Earth Day event's activities, initiatives, and outcomes.

Objective

Raise awareness about environmental issues: The Earth Day event aimed to educate students about pressing environmental concerns such as climate change, deforestation, pollution, and waste management.

Promote sustainable practices: The event aimed to encourage individuals to adopt sustainable practices in their daily lives, including energy conservation, waste reduction, recycling, and responsible water usage.

Encourage active participation: The Earth Day celebration aimed to engage students, faculty, and staff in an interactive manner and promote a sense of collective responsibility towards the environment.

The sequence of 1st day i.e., 20 April, 2023

1. **Opening Ceremony:** The first day of our event was a competition on sustainable technology event which started at 10 am with Maa Saraswati Pujan, with our invited judges Dr. Sulaxna Sharma, Mr. Sameer Verma, and Mr. Mandeep Guleria.

2. Competition Began at 10:00 am, and participants were fully enthusiastic and motivated towards environmental sustainability.

3. At the last of the competition Judges also added their valuable points in concern with environmental sustainability.

The Glimpse of 2nd day i.e., 21st April 2023

1. On the second day of the event, we had our respected Director Sir, Dr. S.K. Pradhan, and Chief Guest Mr. Praveen Bhatt, Principal, NTIS, Painula, New Tehri, and faculty members. The event started with the blessings of Maa Saraswati.

2. Students of NSS, THDC-IHET performed “Nukkad Natak” on the topic “Abhirakshanam”. Through the act students tried to aware the audience about how we can save the mother earth from our small steps.

3. Prize Distribution to the winners of the competition. 1st prize went to Shikhar Kothari, 2nd to Saurabh Bhatt, and 3rd to Ishan Shekhar. Shown in image 1, 2, and 3.

4. This year the United Nations (UN) General Assembly at its 75th session declared 2023 the International Year of Millets (IYM2023). That's why our team decided to aware students to show them a short value-added video created by NITTTR, Bhopal.

5. After High Tea and snacks, the invited chief guest gave a speech with a valuable story about how we can change our nature from our small steps.

6. Valedictory session: Respected director of THDC-IHET, Dr. S.K. Pradhan, gifted the chief guest (Mr. Praveen Bhatt principal, NTIS) a memento and sapling as a token of thanks.

Judges of the previous day competition were also felicitated with a gift and certificate.

The hard work of the Faculty Coordinator (Dr. Kavita Tariyal) and Student Coordinator (Ishan Chauhan) is fruitful with their team.

At the last of the event faculty coordinator gave her vote of thanks, to all the dignitaries present at the event.

Outcome of the Event:

The Environment Club, THDC-IHET has decided to create concern and spread awareness about sustainable technology, saving mother earth by using the rule of Reduce, Reuse, and Recycle all over the institute. Through the Nukkad Natak, the viewer also took an oath to clean our nature, planting more trees, not using plastic, etc. Students also get knowledge of the usefulness of millets. The event was a big success and reaches its objective.
